MADRAS MEDICAL SERVICE - Higher Training abroad - in - Dentistry Selection of candidates 1948049 - Papers Recorded.

No.F.2-2/48-T.
Government of India.
Ministry of Health.

New Delhi, the 19th April, 1948.

From

Harbans Singh, Esquire,
Assistant Secretary to the Government of India.

To

All Provincial Governments and Chief Commissioners, Delhi, Ajmer-Merwara and Coorg.

Subject: Higher training abroad in dentistry-1948-49.

Sir,

In continuation of the Department of Health letter No.F.8/46(46)-PR dated the 24th September, 1946, on the subject mentioned above, I am directed to say that the Government of India have decided to extend the scheme for higher training abroad in dentistry for this year. It is proposed to give 9 scholarships as detailed below:-

Central 2

Provincial 7

2. The Government of India will bear the whole cost in respect of the students sponsored by them and will also be prepared to contribute 50% of the cost in respect of students sponsored by the Provincial Governments on the understanding that this contribution will be taken into account as a part of the general grants for post war developmen to the Province concerned. As on the previous occasion, the final selection of candidates will be made by a Central Selection Board ~~of candidates will be made by a Central Selection Board which~~ will be set up shortly.

3. Details regarding conditions, stipend and allowances have already been communicated with this Ministry's letter No. 1-65/47-T dated the 4th November, 1947.

4. In making nominations, special attention should be paid to the inclusion of members of the Teaching Staff of the existing Dental Colleges as far as possible.

(Contd)

SP/13.6.

5. It is desirable that the Provincial Governments should satisfy themselves that the students recommended for higher training abroad in dentistry have got sufficient basic training and experience in the line before sending the final nomination to the Government of India. They should also satisfy themselves that the students so nominated have got a good working knowledge of the English Language as the authorities abroad have pointed out that some of the students sent abroad last year were badly handicapped in their studies by a poor knowledge of that language.

6. Nominations along with the applications in quadruplicate as in the specimen form attached not exceeding 3 each from the Provincial Governments and 2 each from the Chief Commissioners may kindly be forwarded so as to reach this Ministry not later than the 30th May, 1948.

7. The receipt of this letter may kindly be acknowledged.

I have the honour to b

Sir,

Your most obedient serva

New Delhi.

Sir,

Sub: Expansion of Dental Education in India.

.....

With reference to Mr. Harbans Singhs letter No.F2-2/48-T dated 28th August 1948 on the subject noted above, I am directed to state that this Government have sanctioned, so early as 1944, the opening of a Dental School in the Government General Hospital, Madras and that it could not be opened as no qualified officers were available for appointment in the school. This Government are however actively considering the question of appointing as a contract basis a qualified officer, who has recently become available for. As soon as this appointment is made necessary steps will be taken to open the school. The school when opened will provide a higher standard of Dental Education in the under graduate and post graduate stages.

Yours faithfully,
